WELCOME TO RELIEF FOUNDATION FOR VETERANS

Relief Foundation for Veterans is a vital nonprofit organization dedicated to removing barriers faced by returning veterans. Our organization is dedicated to maximizing returning veterans' benefits. We will raise awareness of available opportunities while additionally providing services of our own.

The most publicized mental health challenges facing veterans service members are PTSD and depression, and many who suffer are not aware of the benefits available to returning veterans.

OUR MISSION

Our mission is to remove barriers faced by returning veterans.

ABOUT US

“ ABOUT THE FOUNDER ”

Founder Frank Abney Jr. understands deeply the need for an organization like Relief Foundation for Veterans. Born in New York, he joined the United States Marine Corps directly after high school. After completing his service, Abney Jr. found he had no guidance and a

direct lack of awareness of what to do next. He experienced deteriorating mental health and had a hard time retaining a job. Upon discovering all of the benefits available to him through the Department of Veteran Affairs, Abney Jr. was able to utilize his G.I. Bill to complete school and find a house. Abney Jr. has now made it his goal to make other returning veterans aware of their benefits.

Additionally, we are looking to increase college enrollment and make sure veterans have the proper transportation to doctor's visits.

Our wrap-around programs include:

- Job search program
- Assistance with disability filing/paperwork
- Transportation to appointments
- Clothing and shelter connection programs;
- Credit repair program
- Legal advice program
- Health and wellness program
- Service Dog Assistance
